

ENGAGE. GROW.

SUCCEED.

The benefits of a low student-to-teacher ratio are well-documented. For some students in Delaware, there is an even better solution—a 1-on-1 classroom!

Your child can have crucial I-on-I teacher interaction every day at **Augustine Hills School**, Delaware's only Department of Education-approved I-on-I Private School.

The experienced and degreed teachers at Augustine Hills School work as a team to tailor a personalized curriculum to meet the unique needs and abilities

of your child. Our professional staff helps each student to grow and develop academically, socially, and emotionally. The result is improved self esteem and unparalleled subject mastery.

We challenge each learner to think critically, become more accountable, and develop the foundation for future success as a responsible citizen. Seniors graduate Augustine Hills with a high school diploma, well-prepared to take the next step in life, either by entering college or the workforce.

For some students, the actions and interactions that occur in a traditional school make learning difficult—and sometimes impossible. Our approach to 1-on-1 learning distinguishes Augustine Hills School and may be the academic solution for your child.

At Augustine Hills School, students have the teacher's constant attention, so learning is accelerated. Students listen and speak daily and do so more comfortably than in a group setting. Each student's strengths, areas of challenge and learning style are addressed individually. Our teachers never need to "teach to the average" or adjust for varying comprehension levels.

The school offers the four core curriculum areas of language arts, math, social studies and science. We also offer a wide range of electives which can include foreign language, business courses, economics, psychology, anatomy, art, photography and even music.

Augustine Hills School can be an exceptional fit for students who...

- ☐ are pursuing a career in the arts or sports and need a more flexible schedule
- ☐ are not achieving success in other academic environments
- ☐ have a learning style that does not fit within the traditional classroom setting
- ☐ have experienced social difficulties or social anxiety
- ☐ have learning differences which are not being addressed adequately in a traditional school
- ☐ are academically gifted and are not challenged in their current school

The reviews are in. Read more reviews & student success stories on our site.

"Both of our sons have been fortunate enough to work with all the wonderful staff whose warmth and caring has brought out the best in them. They have learned more at Augustine Hills than they could have possibly learned in any other school. The opportunity to choose their own courses made learning an enjoyable experience for them." -PARENT

"This school as been for us a godsend. I only wish I had found it sooner." -PARENT

My daughter used to dread going to school and would make every excuse to stay home. Now she gets mad when I mentioned that the school year is almost over. She can't believe the interest the teachers have taken in her. As she said to me, 'they really care about me.'" -PARENT

"The attention, nurturing and education she received were phenomenal. Our daughter completed both her junior and senior years at Augustine Hills and even received significant scholarships from four different colleges." -PARENT
